Student Awards & Financial Support

TRU offers a comprehensive range of programs to both assist students in financing their educational and living costs and to recognize academic excellence. **Financial Support can be a combination of bursaries, scholarships, awards, work-study, loans and grants.** Some of these programs are administered directly through Student Awards & Financial Support, and for others our office works with the appropriate government office. Some funding requires an application, some is provided upon the recommendation of faculty, and some scholarships are automatically awarded based on performance.

Ongoing Scholarships, Bursaries & Awards

Undergraduate awards are for those students who have **already successfully completed at least one semester** at Thompson Rivers University.

The Awards Guide details criteria for each award. Some reward academic accomplishment, while others assist with financial need, and some recognize affiliation, etc. One online application enables you to be considered for most awards.

Students can look up awards in the TRU Awards Guide:
