

THIRD YEAR ECONOMICS COURSES

THERE ARE TWO KINDS OF THIRD YEAR ECONOMICS AND BUSINESS ECONOMICS COURSES: THEORY COURSES AND APPLICATIONS COURSES.

THEORY COURSES AT THE THIRD YEAR INCLUDE: ECON 390 (INTERMEDIATE MICROECONOMICS 2) AND ECON 395 (INTERMEDIATE MACROECONOMICS 2). THESE COURSES REQUIRE THE APPROPRIATE INTERMEDIATE 1 COURSE, THAT IS, ECON 390 REQUIRES ECON 290 (WITH A C- OR BETTER) OR BUEC 204 (WITH A C+ OR BETTER) AND ECON 395 REQUIRES ECON 295.

APPLICATIONS COURSES: APPLICATIONS COURSES IN ECONOMICS AT THE THIRD YEAR COVER SIMILAR ISSUES TO THOSE AT THE SECOND YEAR, BUT ARE MORE NARROWLY FOCUSED. THESE COURSES HAVE PREREQUISITES INCLUDING ECON 190, ECON 195, ECON 190 OR ECON 195, ETC.
