1. Alpine Guide Program

Alpine Guides specialize in alpine, rock and waterfall ice climbing terrain.

The goal of the Alpine Guide Exam is to certify guides to work without supervision in all types of alpine climbing terrain. A second goal is to continue the aspirant guide's learning process in applying techniques in a wide variety of conditions.

Candidates are expected to come prepared and able to demonstrate and be examined on information contained in the Technical Handbook for Professional Mountain Guides and as taught on Guide Training – Rock, the Assistant Rock and Assistant Alpine Guide exams; and the ITP Level 2 avalanche certification. The guiding standard requires movement up to 5.10 in rock shoes; 5.8 in mountain boots, alpine ice to 70 degrees and water ice to Grade 4 with confident and efficient movement.

The Assistant Alpine Guide Exam and ITP Level 2 are prerequisites to the Alpine Guide Exam. You are also required to demonstrate that you have fulfilled the apprenticeship requirement.

If you have already completed the Assistant Alpine Guide Exam and are applying to the Alpine Guide Exam, proceed with this application package. If you have not yet completed the Assistant Alpine Guide Exam, return to the web site and click on 'Assistant Alpine Guide' or contact the CMSG Program office for the correct application package.

2. Notice To Participants Of Professional Guide Training Courses - Increased Risk

TRU and the ACMG provide training intended to develop professional skiing, climbing, hiking, rescue, and wilderness travel guides. To train professional guides it is necessary for students to participate in activities that have higher levels of risk than what may be considered reasonable by entry-level, intermediate, novice, commercial guiding, or recreational standards. This may include, but is not limited to activities such as: lead climbing where the climber places his or her own protective equipment, climbing without helmets, travel and decision making in avalanche terrain, climbing and rescue in a multi-pitch environment, students driving program vehicles, hiking in unusually rough and remote terrain, stress from examination and grading processes, students making route and hazard assessment decisions on behalf of other students, unsupervised activities; and continuing with an activity when it may not be considered reasonable by entry-level, intermediate, novice, commercial guiding, or recreational standards (for example, when fatigued, in inclement weather, or in high hazard conditions).

AT THE START OF EACH COURSE or EXAM YOU ARE REQUIRED TO SIGN A LEGAL RELEASE DOCUMENT (Waiver). YOU CAN VIEW A COPY ON-LINE. WE RECOMMEND YOU SEEK LEGAL ADVICE IF YOU HAVE QUESTIONS.
