

## Bachelor of Arts, Minor in Biology

30 credits in Biology, min. of 18 credits at senior level

Note: Biol 3600 can not be used for a minor or major in science

### First Year

Biol 1110/1210

### Second Year

2 of: Biol 2130, 2160, 2170, 2280, 2290, 2340

### Plus 18 credits at the 3000 or 4000 level:

*Note: these courses do not require Chem 2120/2220 as prerequisites – other upper level Biol course may require these as prerequisites.*

Course	Title	Prerequisites
Biol 3000	Biometrics	Math 1140 /1240 or 3 credits of university level Math, (e.g. Math 1100) with a B or better.)
Biol 3030	Population Biology	2 of Biol 2110, 2150, 2210, 2250, 2280, 2290
Biol 3100	Animal Behaviour	Biol 1110/1210, Biol 2150/2250/2290/2340 recommended
Biol 3240	Plant Systematics	Biol 1110/1210, Biol 2210 or 2280 recommended
Biol 3290	Ichthyology	Biol 3020, co-requisite Biol 3030
Biol 3430	Plants and People	Third year standing
Biol 4020	Limnology	Biol 3000, 3020, 3030
Biol 4090	Field Methods in Terrestrial Ecology	Biol 3000, 3020, 3030
Biol 4100	Field Methods in Marine Ecology	Biol 3000, 3020, 3030
Biol 4140	Evolution	Biol 3020 or 3030
Biol 4160	Conservation Biology	Biol 303
Bol 4260	Plant Ecology	Biol 2110, 2210 or 2280, and Biol 3020 3030
Biol 4270	Terrestrial Vertebrate Zoology	Biol 2250 or Biol 2290
