## Wendy Krauza

### Faculty of Education and Social Work

---

A deep commitment to Service Learning has shaped Professor Wendy Krauza's teaching at TRU. She has tirelessly fostered partnerships with local community agencies to enable her students to learn by doing. Her SERV 1000 course has enabled hundreds of students to work in community organizations so that they can actively transfer theory to practice. She has also engaged her students in undergraduate research about their placements to showcase community service learning. Wendy's dedication to her students reaches far beyond the classroom because she creates a learning environment that allows them to recognize their ability to make positive change in their own communities. Her efforts intersect several TRU Strategic Priorities including Student Success, Intercultural Capacity, and Research Capacity.
