WHAT DOES IPA DO?

"We are the official source for non-financial information, reporting, planning services and operational research assistance for TRU internally and externally."

Inquiries and requests can be sent to ipa@tru.ca

DID YOU KNOW?

In 2009/10 TRU had 2,042 international students from over 90 countries. The top three source countries were China, Saudi Arabia and India.

TRU ACCOUNTABILITY PLAN AND REPORT

The annual institutional accountability plan and report was submitted to the Ministry of Advanced Education and Labour Market Development (ALMD) in July and is available at <http://www.tru.ca/ipa/reports.html>. This plan outlines TRU's goals and objectives for the coming year and reviews and highlights our accomplishments from the previous year. The main purpose of the plan is to describe the outcomes an institution hopes to achieve, and how it will monitor progress towards its results. The plan also articulates the results an institution achieved over the previous year, how its results compared to the targets, and how its achievements contributed to those of the public post-secondary system as a whole. For more information on the Ministry Accountability Framework, see <http://aved.gov.bc.ca/framework/welcome/htm>.

2009/10 FACTBOOK

The 2009/10 Factbook is now available at <http://www.tru.ca/ipa/factbooks.html>. In this document you will find general statistics about TRU.

WELCOME

IPA welcomes new staff members Cec Tarasoff, Jamie Noakes and Kathy Martyn. As of May 17, Kathy is our new IPA Coordinator and Cec transferred over from HR August 9 to fill the role of Reporting Coordinator. Jamie will begin her new role of Research Analyst on September 13.

Project SAGE/Banner8 Implementation Update

Student registration for Campus is live on Banner! As of Monday, June 7, admitted web registration priority students could register and pay for courses online through the myTRU portal. For IPA, this means 2010/11 registration data is now in the new system and all related reports are being rebuilt in the new environment.

Meanwhile great progress has been made by co-op students, Jon Poeschek and Shane Sobus, to remodel the extract, and transform and load processes to include data from Banner8 in the Central Data Warehouse for October 2010.
