Guideline for students interested in transferring to the University of the Fraser Valley's Bachelor of Kinesiology

TRU students may complete the first year courses to transfer into the second year of the Bachelor of Kinesiology degree offered University of the Fraser Valley. To be considered a transfer student, a minimum of 30 credits of specific coursework must be completed with an overall GPA of 2.65 (on a 4.0 point scale). Admission to the program is competitive.

There are three specific intake applications Fall (September), Winter (January) and Summer (May). Applications become available October 1st for the Fall/Summer intakes and May 1st for the Winter intake. Information on application procedures are available directly from UCFV Admissions and Records and are found online at:

Refer to the UFV calendar or the website www.ufv.ca/kpe for a complete program description and outline of the additional requirements needed to make application. Information on course transfer is available from the British Columbia Council on Admissions and Transfer found online at: www.bctransferguide.ca.

Note: The following information is intended as a guideline for physical education students planning on transferring to UFV. Due to changes that can occur at any post-secondary institution, it is the student's responsibility to check that courses selected meet the requirements of the institution they are graduating from.

Program Requirements

The Bachelor of Kinesiology degree requires the completion of at least 120 credits applicable to the KPE program plan of which a minimum 48 credits must be at the upper level (300/400). Within the 120 credits, students must complete at least 36 credits of university level credits (including 12 upper level credits) outside of the KPE course offerings. A minimum program GPA of 2.0 is necessary to graduate. Students must complete either the **Exercise Science (Option I) or Pedagogy (Option II)** to complete their degree

The University of the Fraser Valley has provided the following information as a guide for prospective students. Admission to **second year** of the Bachelor of Kinesiology program must include:

1. KPE 170 (TRU's Biol 1590/1690) or equivalent with a C+ or better.
2. KPE 161(TRU's Phed 2110) and KPE 163 (TRU's Phed 2150) with an average grade of C+ or better.
3. Three credits of a university level English (TRU's Engl 1100) or Communications course.
4. An additional 16 university level credits of KPE or non-KPE courses.
5. An overall GPA of 2.65 or better on all required courses and a GPA on the required courses for application.

Option II - BKin Pedagogy

The pedagogy option provides preparation for those pursuing careers in instructional settings in both the public and private domains. Although many graduates from this option will pursue a teaching credential, many others will find opportunities in community recreation facilities as instructors, personal trainers or administrators. Students planning to enter the Teacher Education program need to be familiar with the admission requirements. **Students planning on the teaching option must plan for a second teaching area.**
