

Field Methods in Marine Ecology

BIOL 4100

April 29 – May 12, 2013

THOMPSON RIVERS UNIVERSITY

Get your hands wet!
Study marine ecology in one of the most spectacular
and diverse coastal marine environments on the planet.

Information sessions

Two information sessions will be held in early January to discuss the location, costs, activities and prerequisites for the field course.

All interested science students are welcome!

Monday, Jan 14, 4:30 PM
Room S373

Wed., Jan 16, 3:30 PM
Room OM1732
