

# FALL STUDENT JOB OPPORTUNITY

## FISHERIES ASSISTANT

SECWPEPMC FISHERIES COMMISSION (SFC)

Location: Kamloops, BC

Expected Term: September 2 to December 13, 2024

### Skills & Experience You Will Gain

We are excited to offer Indigenous natural resources students an opportunity to gain a diverse range of technical skills and field experience in a short period of time! Based out of Kamloops, you will be assisting our biologists and technicians with these salmon work activities:

- Stock Assessment
- Catch Monitoring
- Habitat Restoration
- Special Research Projects

This position will also allow you to help the Secwepemc communities with their fisheries projects and maintain a healthy and active work-life balance this fall. This is a unique opportunity to advance your career in the natural resources sector.

### Who We Are

SFC is the fisheries department of the Shuswap Nation Tribal Council (SNTC). We are committed to protecting the fisheries resource, promoting integrated approaches to aquatic ecosystem management, and providing policy and technical advice on fisheries matters. To learn more about us, visit: [SFC Overview](#)
