5. New Business

i. Canadian University Survey Consortium results (attached)

- This is TRU's first year participating in this survey and there was a good response, but lower than the national average
- Highlights - 93 % of students said TRU met or exceeded their expectations and would recommend TRU to their friends. The primary reason given was faculty.
- Student's responded that practicum, internships and student-faculty interactions contributed most to the students' development.
- Student's responded that areas for improvement were student life on campus and teaching assistants.
- Student's responded that TRU is contributing least to skills in math, second language, spirituality, entrepreneurship.

ii. Canadian University Report results (attached)

- Survey is conducted every spring and the results are published in Globe & Mail.
- 95% of respondents would recommend TRU to others
- TRU's grade for commitment to environmental sustainability has increased from a D to a B since 2006
- Students report that the best things about TRU include student interaction with faculty, small class sizes, small campus, safe campus
- TRU's grades have decreased for library hours, availability of journals and articles in the libraries
