The TRU calendar and website www.tru.ca give specific course requirements for each program. The calendar also has a section on course descriptions which includes high school course pre-requisites.

It is the student's responsibility to check course pre-requisites to ensure he or she has the necessary skills and knowledge to be successful in the course.

Students who find out they have registered for a course which they are not qualified to take should immediately notify the Registrar's Office at 250.828.5036 that they need to withdraw from the course, revise their schedule, and enrol in the correct course. If a student has further questions, he or she may contact the Academic Advising at advising@tru.ca or 250.828.5075.
