

Hi there, my name is Bert Holden, and I am a candidate for the Planning Council for Open Learning(PCOL). I am currently a TRU student in the Bachelor of Arts, General Studies program. I have been educated by the Open Learning format for the last 7 years on a part-time basis. I have an Associate of Arts degree from North Island College, on Vancouver Island, with a focus on Anthropology.

I am retired from Practical nursing, where I had a 30 year profession. At North Island College, I held a position on the Board of Governors for one year, I have been the secretary and Vice President for my local Gay Pride committee.

I look forward to working to enhance and continue the wonderful courses and programs at TRU, and hope that you will be comfortable to give me your votes.
