

Devin is a second-year Business Administration student that is from the arid, rolling hills of Kamloops. He would like to become more involved in the amazing community he believes TRU has to offer. He has begun this journey by recently joining four different clubs, and is now running for a seat on both the Senate and the Board of Governors. Devin is a keen learner and consistently strives to put his best efforts forward so that he may achieve his goals. He believes in helping others create their own path to the life they want by helping them realize their passions, and understanding the power of networking. If given the chance to show what he can do, Devin would like to get a deeper understanding of what students seek in post-secondary education.
