ADOPTION O		On motion duly made it was RESOLVED to approve the agenda as distributed.		
ADOPTION O		of November 1st, 2017. On motion duly made it was ED to approve these Minutes.		
PRESENTATIO	SUSTAIN club of ci procuren environn	ve, of Reeve Consulting in Vancouver, presented on NABLE PURCHASING. His firm is involved in a networkin ities and universities all dealing with sustainable nent. The main components of sustainable purchasing are nental, ethical, and social. Food issues are often a focus at ties when it comes to sustainable purchasing. SFU is an	g	

example, as is UBC. The following Western Canadian universities are ones that Tim knows have sustainable procurement practices: UBC, SFU, BCIT, and U of Alberta.

# BUSINESS ARISING FROM MINUTES

**Ensuring quorum for meetings.** Scott reported that Wilson Bell's situation was discussed but due to the fact that he will be back from his leave in 3 more months, it didn't seem worthwhile to go through a process to find a replacement for him, since by the time a replacement is found, he would almost be back. Michael Mehta's situation is slightly different since it's a longer time frame (6 months). James will reach out to Michael in order to find out if he's willing to participate in the ESAC meetings through conference calls.

Need for long-term annual planning for the ESAC. Jim. Tabled.

### Awarding environmental sustainability achievement award:

Scott reported that he and Peter met to discuss this. They drew up a proposal and it was submitted to the President's Council as an amendment to the President's awards process. It was only a proposal, so if the Presidents Council does not like it then Plan B will be put into effect. The Presidents Council meets January 24. Brad raised the issue that the wording needs to be ammended to make sure that staff members are fairly represented. Brad will discuss this with Scott next week. This award is only for staff and faculty, not students.

**<u>Bird window strikes and mortality</u>**. Tabled due to Karl's absence.

**<u>Reducing litter on campus</u>** – Tabled due to Karl's absence.

# REPORT OF TRU Sustainability Education in the Curriculum sub committee. Tabled, since Susan reported via email that there was nothing to report on.

DIRECTOR'S<br/>REPORTDue to time constraints, Jim only mentioned that the Sustainability<br/>Office is moving ahead with the effort to reduce the number of<br/>wasted paper cups on campus by engaging Cupanion. The office has<br/>hired a student to work solely on this project for the next four weeks.

James

2500 cups (with barcodes) and 1000 barcode stickers have been ordered.

**NEW BUSINESS** Lloyd mentioned a few issues to do with the safety of the Solar Sidewalk and Solar Compass, regarding people slipping and tripping. Amy said that many of the main components will be replaced this spring at the Solar Compass. More grit was installed on the solar sidewalk and according to Amie, it is equal to or less slippery than the concrete around it.

## CORRESPONDENCE None

**NEXT MEETING** February 7, 2018. Noon to 1:30 in the TRUSU Boardroom.

ADJOURNMENT 1:30 PM.

Signature of Chairperson, Chair

Signature of Vice-Chairperson, Vice-Chair (if required)
