

Connecting to Eduroam – iOS

 Before you can connect to Eduroam you will need to download the certificate installer from the Eduroam website.

> If you are not already connected to the internet, connect to the TRU network.

After clicking connect a sign in page will appear and you can sign in using your TRU username and password.

2. After you have connected to the internet go to the app store and download the GetEduroam app.
