

## **Jonathan Sholty's Candidate Statement**

I firmly believe that student voices are essential to building a professional environment that fully reflects the needs, goals, and experiences of all learners at Thompson Rivers University. I served on my secondary school's Principal's Council, where I gained firsthand experience as an effective advocate and delivered positive change for my peers. I have continued to bring that same drive as a student representative on the Academic Integrity Committee and the Arts Faculty Council. In these roles, I have consistently applied my communication, leadership, and problem-solving skills to ensure that student perspectives are genuinely heard and actively contribute to decision-making processes within the TRU community. I intend to bring my practical and solutions-oriented approach to the Senate.

It is an honour to be considered for this position on behalf of the student body.

Thank you kindly for your consideration.
