

Puneet Anand

Bachelor of Computing Science – 1st Semester

Profile Summary

Hi, everyone, my name is Puneet Anand and I am a new international student at Thompson Rivers University, enrolled in Bachelor of Computing Science. Since my arrival here, I have joined the Focus and the Computer Science clubs and have attended all the international conferences up to this point. I have 3 years' leadership experience as the head discipline of my school in India, and I was the one who framed all the rules and regulations. I have also enrolled myself in volunteer workshops at TRU. I pride myself with qualities like patience, commitment, consistency and hard work. I really appreciate those individuals who actively participate in events and conferences and try to improve their leadership qualities.

Skills and Experience

- I have 6 years' volunteer experience in helping people in my community purchase electronics according to their needs
- I have 3 years' leadership experience as a Head Discipline of School.
- I can converse in three different languages namely English, Hindi and Punjabi
- Intermediate digital marketing skills

I will consider myself lucky to have your vote.
