

**GUIDELINES FOR
PRE-REHABILITATION SCIENCES
Master of Occupational Therapy (MOT)
UBC (Vancouver)**

The Master of Occupational Therapy (MOT) program is a two-year professional master's degree program offered at the University of British Columbia. The program is offered at two locations: Vancouver and Prince George (MOT-North). Admission to the program is competitive, with 72 seats available each year.

Total seats available: 56 Vancouver + 16 North

Domestic seats: 48 Vancouver + 16 North

International seats: 8 Vancouver

It is imperative that all prospective applicants refer to the UBC website for a complete list of academic and non-academic criteria: <https://osot.ubc.ca/prospective-students/admission-requirements/>

Admission Requirements:

Completion of a four-year recognized bachelor's degree from an accredited institution in any field and the successful completion of the following prerequisites:

- Human Anatomy (3 credits) TRU's OL BIOL 3701
- Social Sciences (3 credits) Sociology, Anthropology, or Human Geography
- Behaviour Sciences (3 credits) Psychology

If you have taken a course outside of these disciplines and you feel they may fulfill the requirement, they can be assessed on a case-by-case basis by providing the course syllabi to mot.admissions@ubc.ca.

Academic standing of a **minimum B+ (76%) average** in ALL senior level courses (3000 and 4000 level). Competitive GPA for the program is approximately 85% based on the most recent 45 senior level credits.
