

Research Paper Checklist

Below is a checklist for completing a research paper. You should remember that the process of researching and writing is very malleable. It depends on many factors: the assignment requirements, the field of study, the topic, and your personal preferences. This checklist is designed to give you a basic overview of the process. It will also list the TRU resources that are available to you.

- Resources marked **1** can be found at <http://www.tru.ca/writingcentre/resources/writing.html>
- Resources marked **2** can be found at <https://libguides.tru.ca/researchhelp> (see the Table of Contents on the left side)
- Resources marked **3** can be found at <https://libguides.tru.ca/writingsupport> (see the Table of Contents on the left side)
