

Hi! My name is Stephanie Tate and this fall I entered my third year in the Bachelors of Arts program. My major is Communications and Public Relations. I also plan to minor in Leadership, creating a well-rounded educational base. I am currently enrolled in the TRU Coop program and want to pursue positions within Orientation & Transitions, and the Alumni office. This fall I started a new role as an Orientation and Transition Ambassador. On campus, you can typically find me doing outreach on Fridays with Orientations, presenting a Study Skills Café workshop, or working in the Future Students team office as a work study. Recently, I volunteered with the 2018 Kamloops Bridal Fair planning team as a student volunteer recruiter. A position as a student representative on Senate would allow me to observe first-hand how policies are brought into campus life every day. My goal is to work in higher education upon graduation; thus, having an opportunity to expand my network and increase my knowledge about the mechanisms of a University is something I am passionate about.
