

Hi, my name is Vimaljeet Singh. I am a second-year student pursuing Post Baccalaureate Diploma in International Business. I do not like sitting idle which is one of the reasons I decided to volunteer for the TRUSU Services committee last year. For a year, I have been a volunteer helping the committee promoting all the services and making the students on campus cognizant of the services. I am also involved in volunteering for other events on campus like Orientations, International Days, etc. Last year I volunteered for the multi-cultural cooking show in Idays and performed the folk dance of Punjab-Bhangra and am doing the same this year. Also, I do a part-time job to support my everyday expenses. I am a person with persistence, punctuality, integrity and strong work ethic.
