

The Full Meal Deal

Still hungry?

If 10 minutes wasn't enough, we can offer a "full meal" on any of the topics. The longer session could be for a smaller group of interested faculty members or an entire department.

Contact CELT to arrange a longer session from 30-60 minutes with the same presenter. We'll contact the presenter, arrange a date, time and place to meet your needs.

Something missing?

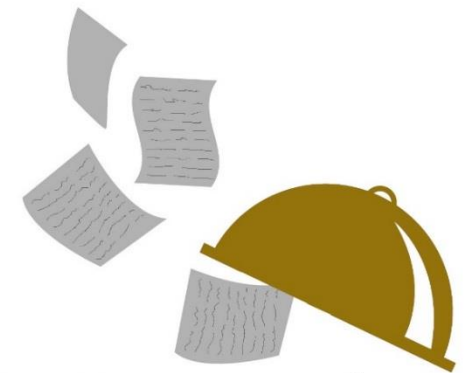

If there is a topic that isn't included on the menu, please contact CELT and we will try to locate the expertise. If you have a topic that you would like to share through the "à la carte" format, please let us know by contacting learning@tru.ca.

What is “à la carte” Professional Development?

Ongoing professional development is a goal for faculty at TRU, but it can be challenging to find the time and the right PD opportunity. The “à la carte” menu, provides short sessions that can be delivered at a department or faculty meeting based on their needs and interests. The idea behind the “à la carte” offerings is to provide a taste of an idea related to technology, assessment, intercultural & global perspectives, student engagement, approaches to learning, or teaching techniques.

These sessions are organized by the Centre for Excellence in Learning & Teaching (CELT) and delivered by your colleagues from various departments across TRU. Unless stated, the sessions will be 10 minutes in duration.

To book an “a la carte” presentation, please contact CELT: learning@tru.ca

Menu

Appetizers

Technology

- Padlet: Multimedia Class and Group Collaborative Spaces
- Kahoot: Game-based Learning
- Thinglink: Make Images Interactive
- The Big Blue Button – Virtual Office Hours and Webconferencing in Moodle
