

ASSOCIATE VICE PRESIDENT, DIGITAL STRATEGIES AND CHIEF INFORMATION OFFICER

At Thompson Rivers University, student success is our priority. We empower our students to reach their goals with flexible learning options, individualized student services, hands-on learning opportunities, and a diverse, inclusive environment.

Since 1970, TRU has taken pride in providing an excellent education to every student who comes to us — from a wide variety of backgrounds and perspectives, at various stages of the learning journey. We serve more than 25,000 students — on our campuses in Kamloops and Williams Lake, and via distance or online courses and programs through Open Learning.

From traditional academics to trades, from certificates to graduate degrees, TRU offers over 140 on-campus programs and 60-plus Open Learning programs. Our students apply what they learn in co-op work terms, study abroad, undergraduate research, field schools and practicums, service learning and other opportunities — with guidance and mentorship by our accessible faculty. Research, creation and innovation thrive in our open, flexible learning environment. And so do our students.

The Associate Vice President Digital Strategies and Chief Information Officer collaborates alongside leaders at the highest level of the organization to develop, implement, and direct a digital strategy for all information technology initiatives at Thompson Rivers University. This position provides vision and leadership to the IT Leadership Team and is responsible for the planning and execution of initiatives that support the long-term objectives, mission, and vision of Thompson Rivers University.

The AVP, Digital Strategies and CIO will utilize a blended approach to the practical application of Information Technology combined with a naturally strategic style in dealing with team, peer, technical, external and executive relationships. This person will have a strong client service orientation that is integral to the overall success of the university enterprise.

Thompson Rivers University is strongly committed to fostering diversity within our community. We welcome those who would contribute to the further diversification of our staff, our faculty and its scholarship including, but not limited to, women, visible minorities, Indigenous people, persons with disabilities and persons of any sexual orientation or gender identity. Please note that all qualified candidates are encouraged to apply; however, applications from Canadians and permanent residents will be given priority.

This is an exciting and challenging opportunity to serve in a leadership role at one of Canada's most innovative universities. To learn more, contact Ward Garven or Christine Fisher at 403 262 6780 or w.garven@stantonchase.com or c.fisher@stantonchase.com
