OPPORTUNITIES FOR STUDENTS

We annually award up to 8 scholarships and support 2 work-study students.

Our students have published in scholarly journals, have won entrance awards to graduate programs at other institutions, and have earned best undergraduate presentation awards numerous times at the Annual Meeting of the Western Division of the Canadian Association of Geographers. At the social level, the TRU Geography Society (TRUGS) is among the most active, dynamic, and involved student club on campus.

CAREERS FOR GRADUATES

Those interested in pursuing a career or further study in education, urban and regional planning, environmental consulting, policy development, environmental law, water resources research, mine reclamation, environmental assessment, and earth science, including hydrology, meteorology and geomorphology, should strongly consider completing a geography program.
