

# INTERDISCIPLINARY STUDIES

Students who want a more flexible and varied learning experience in their university degree program, and those who are not yet sure of a career path, can complete a wide range of courses during their first two years of study before entering the BIS degree. This allows students to explore their interests, passions and potential career options without having to plan a specific major within an arts, science or business degree program.

### DESIGN YOUR OWN CUSTOMIZED CURRICULUM

Tailor studies to a specific career or post-graduate program. Students applying to professional programs or graduate school can adapt their curriculum to their educational needs.

Choose from options within the BIS, including such streams as pre-architecture, pre-medicine, pre-law, and pre-urban planning.

Receive credit for relevant workplace learning.

Build on a diploma or associate degree. Transfer students with two-year diplomas (the equivalent of 60 credits) from other institutions are able to ladder into the BIS degree.

Explore career options through Co-op Education placements.

Conduct independent research.

Work closely with experienced and knowledgeable faculty mentors.
