

Program Overview

Theatre

The Theatre Program at Thompson Rivers University provides students with a variety of undergraduate courses designed for both the theatre specialist and the generalist. Acting, from first to fourth year levels, directing, theatre history and technical theatre courses offer students a full range of theatre options linked to both the Bachelor of Arts and Bachelor of Education degrees. Providing training since 1985, the Theatre Major is the only one outside the Lower Mainland and Vancouver Island region offering a full range of university-level theatre arts courses.

The TRU Actors Workshop Theatre is the live stage element of TRU's Visual & Performing Arts Department. All stage productions feature students enrolled in various acting and technical theatre courses, during a full season of production in the Black Box Theatre.

Theatre Opportunities

The program has partnered with the professional company in Kamloops, Western Canada Theatre, to create opportunities to further students' practical experience. Onstage and backstage, many of our past and present theatre students have contributed to WCT's production season. Many TRU theatre graduates continue to perform and train in professional and community capacities long after finishing their Theatre Major.

The theatre program is committed to student artistic development. Dedicated theatre students are eligible for several monetary awards for both junior and senior levels of study to encourage and reward technical and acting excellence. For more information on awards and bursaries, please contact the Financial Aid and Awards Office.

TRUDAT

University enrolled students can also take advantage of the on-campus TRU Drama & Theatre (TRUDAT) club that typically features original and alternative material performed in the Black Box Theatre.
