2.1.1 Duty to Provide Collective Agreements

Thompson Rivers University shall provide each employee with a copy of the Collective Agreement.

2.2 Maintenance of Membership

Employees covered by the certification who, at the date of ratification were Faculty Members of TRUFA, shall maintain their membership in good standing as a condition of continuing employment.

2.3 Faculty Membership

2.3.1 From the effective date of this agreement new employees covered by the certification shall become Faculty Members of TRUFA on the first day of the calendar month following commencement of their employment and shall maintain membership in good standing in TRUFA as a condition of continuing employment.

2.4 Dues Deduction

2.4.1 Deduction of Faculty Association dues as a condition of employment will be applied to all Faculty Members of the bargaining unit.

2.4.2 Faculty Association membership dues for part-time employees shall be collected as a percentage of each employee's gross pay. This percentage shall be the same as for full-time employees.

2.4.3 All deductions of dues shall be remitted by the Employer to the Association not later than thirty (30) days after the date of deduction.

2.5 Amount of Dues and Fees

The Association shall advise the Employer in writing of the amount of its regular monthly dues. The amount so specified shall continue to be the amount of the Association's regular monthly dues and shall continue to be the amount to be deducted until changed by further written notice to the University from the President of the Association. The Association agrees to limit its request for an assessment to one (1) request per calendar year.

2.8 Faculty Association Representation (General)

2.8.1 The Employer agrees to recognize all elected and appointed Faculty Members authorized to act on behalf of the Faculty Association, and agrees to negotiate with the committees selected by the Faculty Association looking toward a peaceful and amicable settlement of any differences which may arise between the Parties.

ARTICLE 3 – FINANCIAL EXIGENCY

3.1 Financial Exigency

3.1.1 Financial Exigency is defined, for the purpose of this Article, as a situation in which the University projects substantial and continuing financial operating deficits which threaten the continued operation of the University and which are projected, by consistently applied, generally accepted accounting principles, to persist for at least three years into the future.

3.1.2 If the Board has the intention of declaring a financial exigency, within the meaning of Article 3.1.1, it shall give notice to the Faculty Association and the Senate of such intent. As of the date of such notice, the procedures specified in this article shall apply, and the Board shall not fill any vacant academic or administrative positions, nor shall the Board create any new academic or administrative positions prior to completion of the review process as provided under Articles 3.1.3 and 3.2. Within five (5) working days of giving notice of the belief that a financial exigency exists, the Board shall supply the Faculty Association with all of the information that convinced the Board of the existence of the exigency.

3.1.3 Process

Within five (5) working days of the notice specified in Article 3.1.2 above, the Parties shall each nominate two (2) persons to a Financial Commission. They shall meet at the call of the President, but in any case within five (5) working days of their being named, and shall choose a fifth (5th) person to serve as independent Chair. The persons named to the Financial Commission shall not have been employed by the University during the three (3) years immediately preceding the notification.

3.1.3.1 The Financial Commission shall meet within ten (10) working days of the selection of the Chair as specified in Article 3.1.3. It shall set its own rules of procedure, and shall report its findings to the Parties within forty (40) working days of its first meeting. The Financial Commission shall have access to all information it deems pertinent to its task and all information relied upon by the Board in declaring the financial exigency.

3.1.3.2 The Financial Commission's terms of reference shall be to use consistently applied generally accepted accounting principles to verify whether a financial exigency as defined in Article 3.1.1 exists. To do so, it shall:

- (a) Verify whether substantial and continuing financial operating deficits are projected by consistently applied generally

- accepted accounting principles to persist for at least three years;
 - (b) Verify whether the persistence of such deficits would threaten the continued operation of the University;
 - (c) Verify whether possible reductions have been made in all areas of the University's expenditures and whether in view of the University's needs and its established academic goals layoffs of Faculty Members constitute a necessary type of cost saving; and
 - (d) Verify whether the Board has made reasonable efforts to increase revenues to overcome the projected deficits.
- 3.1.3.3 If the Financial Commission does not agree on a report, the report of the majority shall be deemed to be its report; if there is no majority, the Chair's decision shall be the decision of the Financial Commission.
- 3.1.3.4 If the Financial Commission finds that an exigency does not exist, then the Board shall be precluded from invoking the provisions of this Article for twelve (12) months from the date of the report.
- 3.1.3.5 Costs of the Financial Commission shall be borne by the Board.
- 3.1.3.6 No Limited Term Contract, Tenure-track or Tenured Faculty Member shall be laid off or dismissed without cause unless a state of financial exigency has been established in accordance with the provisions of Articles 3.1.3.2 and 3.1.3.4.
- 3.1.3.7 If the Financial Commission verifies that a financial exigency exists, reductions in the budgetary allocation for positions of Faculty Members shall not exceed the amount required to reduce the total budget as stated by the Financial Commission. The Financial Commission shall notify the Faculty Association of its decision.
- 3.1.3.8 Within five (5) working days of receiving the report from the Financial Commission verifying that a financial exigency exists, the Parties shall establish a Joint Labour Management Committee according to Article 3.2.
- 3.1.3.9 The Joint Labour Management Committee shall canvas employees within fifteen (15) working days, or such longer time as the Joint Labour Management Committee agrees, to find voluntary solutions that provide as many viable options as possible and minimize potential layoffs. The Joint Labour Management Committee shall consider all options under Article 3.3.3 and 3.3.5. All savings produced by such agreements shall be applied directly to the reductions verified by the Financial Commission.

- 3.1.3.10 Procedures for layoffs shall not occur during the fifteen (15) working day period in Article 3.1.3.9.
- 3.1.3.11 If a requirement for layoffs cannot be eliminated in accordance with proceedings under Article 3.1.3.9, and 3.3, the Joint Labour Management Committee shall determine the ways in which layoffs are distributed among departments and programs in accordance with Articles 3.1.3.11.1 – 3.1.3.11.3. Within twenty-five (25) working days such determination shall be reported in writing to the President, the Faculty Association, and the departments or programs required to lay off Faculty Members.
- 3.1.3.11.1 The Joint Labour Management Committee shall distribute the reductions required by the Board in Faculty Members' positions so as to minimize the damage to the academic needs of the University.
- 3.1.3.11.2 Order of layoffs shall occur in accordance with Article 3.4.
- 3.1.3.11.3 The President shall notify such Faculty Members of their impending layoffs in accordance with Article 3.1.3.11.2, stating in writing that the layoff is for reasons of financial exigency alone.

3.2 Joint Labour Management Committee

- 3.2.1 The Joint Labour Management Committee shall be composed as follows:
- (a) Three (3) persons chosen by the Board or its delegates and three (3) persons chosen by the Faculty Association.
 - (b) The six (6) persons so named shall meet at the call of the President, but in any case within five (5) working days of their being named.
- 3.2.2 The Joint Labour Management Committee shall follow its own rules of procedure and shall have access to all information it deems pertinent to its task.

3.3 Employer Commitments

- 3.3.1 It is agreed that the employer will minimize the impact of funding shortfalls and reductions on the work force.
- 3.3.2 Subject to budgetary constraints and the amount of funding available for labour adjustment costs; fairness, flexibility and employee choice will prevail in the implementation of labour force adjustment strategies as approved by the institution.

3.3.3 Menu of Labour Adjustment Strategies

Where a work force reduction is necessary, the following labour adjustment strategies will be considered and offered by the University to minimize layoffs and at the appropriate time in the Faculty Member reduction process:

- (a) Job sharing
- (b) Reduced hours of work through partial leaves
- (c) Transfers to other areas within the bargaining unit subject to available work and to meeting qualifications, with minimal training required where such training can be scheduled within the employee's professional development and other non-instructional time. If the retraining is approved by the Board, the Board shall pay all reasonable costs relating to the plan of retraining. If the retraining or appointment is to a vacant academic position, Faculty Members shall retain their former academic status, including credits for sabbatical leaves, salaries and benefits.
- (d) Paid and unpaid leaves of absence for use to seek alternate employment, retirement adjustment, retraining, etc.
- (e) Voluntary severance with up to twenty-four (24) months' severance payment
- (f) Workload averaging
- (g) Purchasing past pensionable service. If permissible the employer will match a minimum of three (3) years' contributions to the College Pension Plan where an employee opts for early retirement.
- (h) Combined pension earnings and reduced workload to equal one hundred percent (100%) of regular salary subject to compliance with the regulations of the College Pension Plan.
- (i) Early retirement incentives as outlined in Collective Agreement
- (j) Agreed secondment
- (k) Retraining
- (l) Trial retirement
- (m) Continuation of health and welfare benefits
- (n) Combination and variations of the above or other alternatives

3.3.4 While various options in Article 3.3.3 may be considered and offered, there will be no stacking of entitlements.

3.3.5 The Faculty Member or Faculty Members may be transferred to another department according to Article 3.3.3(c) in the University for which he/she is qualified only with his/her written consent. Any transfer of a Faculty Member to an administrative position outside of the Bargaining Unit shall be on terms and conditions satisfactory to the Faculty Member and the University. A Faculty Member transferred under this Article shall retain recall rights pursuant to Articles 3.7 and

3.7.1. If recalled to a position in the Bargaining Unit, the Faculty Member's category of appointment and rank shall be reinstated. The Faculty Member shall receive credit for years of service, and the Faculty Member's salary shall be restored including all increments and adjustments that would have accrued while the individual was excluded from the Bargaining Unit.

3.8.1 This Article applies only to those situations in which the declaration of Program Redundancy may result in the layoff of employees.

3.8.1.1 A Program Redundancy refers to the cancellation of an academic program for reasons other than Financial Exigency and when verified by the Redundancy Committee. The Board may only declare a Program Redundancy, on the advice of Senate, for bona fide academic reasons including the following:

- (ii) A Program does not contribute in a significant way to

- (iii) the mission of the University, or
A Program does not have an enrolment sufficient to justify maintaining the Program.

3.8.1.2 Program Redundancy shall apply only to academic programs, not to individuals within a Program.

3.8.1.3 If low student enrolment is argued as a bona fide academic reason, it must be demonstrated that a major decline has occurred which has produced a condition of low enrolments for at least three consecutive years, and there is no probability of an increase in enrolment over the next three years.

3.8.2 Subject to the provisions of this Article, the Parties recognize the authority of Senate to advise the Board on the restructure of the University's programs by introducing new programs, by changing existing programs, or by cancelling programs.

- (b) A research program.

3.8.4 Process

3.8.4.1 As of the date of the notice given in Article 3.8.4, in the department in which the program redundancy is proposed and in related functional areas, Limited Term, Continuing Sessional, and Sessional contracts shall be allowed to expire, and the Board shall impose a moratorium on the hiring of new Faculty Members in those departments until a negative finding of the Redundancy Committee under Article 3.8.6, or until the layoffs under Articles 3.8.7.1 and 3.8.7.3 have taken effect. During the same period, the Board shall not create any new

administrative positions that would be excluded from other collective agreements to which the Board is bound.

3.8.5 Redundancy Committee

Upon receipt of the notification in writing under Article 3.8.4, Senate shall institute a Redundancy Committee, as provided for under Article 3.8.5.1, with the mandate to determine if bona fide academic reasons exist for the declaration of a redundancy under Article 3.8.5.6.

- (b) Bona fide academic reasons do not exist for the declaration of a program redundancy.

3.8.5.7 Any costs of the Redundancy Committee established under this Article shall be borne by the Board.

3.8.6 Redundancy Committee Report

If the Redundancy Committee reports that bona fide academic reasons do not exist for a declaration of program redundancy, no further action shall be taken. If the Redundancy Committee reports that bona fide academic reasons exist for a program redundancy, the provisions of Article 3.8.7 shall apply.

3.8.7 Redundancy Plan

If the Redundancy Committee declares that bona fide academic reasons exist for a declaration of program redundancy, within five (5) working days of receiving the committee's report, the Parties shall establish a Joint Labour Management Committee.

- (g) The Mediator-Arbitrator shall render a succinct decision within twenty-one (21) working days after completing the proceedings on the grievance submitted to arbitration.
- (h) When the dismissal, or suspension, of an employee is subsequently determined by an internal investigation, a grievance procedure or an arbitration board, to be without just and reasonable cause, or the dismissal or suspension determined to be too severe in relation to the offence, reinstatement terms can be mutually agreed to by the Parties or can be imposed by an arbitration board if the matter is referred to arbitration.
- (i) When disciplinary action, up to and including dismissal, is subsequently determined as a result of an internal investigation, a grievance procedure or an arbitration board, to be without just and reasonable cause, no record of the matter shall remain on an employee's personnel file.

ARTICLE 6 – TENURE AND PROMOTION OF FACULTY MEMBERS

6.1 Preamble

6.1.1 The granting of tenure is the recognition by academic peers and the University that Faculty Members have demonstrated through their academic achievements and contributions that they have sufficient momentum and promise of ongoing success to justify the long-term commitment of the University to ongoing appointment.

Tenure provides economic security and assurance of continued opportunities to teach, to carry out one's professional role and to do scholarship in accordance with the Faculty Member's assigned duties and responsibilities. Academic freedom and economic security, i.e. tenure, support institutions of higher learning in fulfilling their obligations to their students and to society in general.

6.1.1.1 Tenure signifies the right of a Faculty Member to permanency of appointment, which may be terminated only through:

- (a) Resignation;
- (b) Retirement;
- (c) Reasons of program redundancy or financial exigency under Article 3;
- (d) Dismissal for cause as provided under Article 8

6.1.2 Promotion in rank is recognition of the Faculty Member's growth and development in his/her profession, and as a Scholar, and of his/her service to the University and the academic community.

6.1.3 Decisions on the granting of tenure and the awarding of promotions in rank to Faculty Members shall be made by the Board upon the recommendation of the President whose recommendation shall be based on the recommendations of:

- (a) The Division, Faculty or School Promotion and Tenure Committee (DFSTPC) and,
- (b) The Senate Tenure and Promotion Committee (STPC).

6.2 Progression to Tenure

6.2.1 A Faculty Member holding a Tenure-Track Appointment, as defined in Article 5.2 must apply for tenure no later than during the sixth (6th) year of his/her Tenure-Track Appointment.

6.2.1.1 It is the responsibility of the Faculty Member to initiate the application process according to Article 6.4.

6.2.1.2 A Faculty Member is entitled to be considered for tenure during any

year of his/her Tenure-Track Appointment. The Faculty Member who chooses to be considered for tenure prior to the sixth (6th) year of his/her Tenure-Track Appointment shall not be required to exceed performance standards beyond those normally considered appropriate for tenure, nor shall the STPC lower its standards to accommodate such a Faculty Member.

6.2.1.3 When a Faculty Member takes leave under Articles 12.3.4, 12.4, Long Term Disability under Article 13.5, or has Jury Duty assigned for 6 (six) months or longer under Article 12.3.5, the time period for the tenure-track appointment and application for tenure shall be extended by the same time period of the approved leave.

6.2.2 A Faculty Member holding a Tenure-Track Appointment may apply and be considered for tenure only once.

6.2.3 The STPC shall not consider a Faculty Member's application for tenure unless he/she has received a Tenure-Track Appointment, except as provided in Article 6.2.4.

6.2.4 Initial Appointment with Tenure

A Prospective Candidate appointed under Article 5.2.1

(a) may be appointed to a tenured position at TRU when he/she has already been granted tenure at another post-secondary institution. The DFSTPC will approve requests for initial granting of tenure when it is determined that previously held designations in full-time academic positions at other degree granting institutions with membership in Universities Canada or an equivalent body. Reasons for denial shall be limited to the non-equivalency of the designation or the lack of appropriate accreditation of the previous institution.

(b) may be granted tenure upon appointment when she/he has not previously been granted tenure at another degree-granting institution with membership in Universities Canada or an equivalent body. In such cases, the prospective candidate must submit sufficient evidence in line with Article 6.4.1 with letters of reference in lieu of external reviewer reports, which would allow the DFSTPC and the STPC to adequately assess the prospective candidate's qualifications, and make a recommendation to the President prior to his/her recommendation to the Board.

6.2.5 A Faculty Member may apply for tenure with or without promotion.

6.2.5.1 A Faculty Member may apply for promotion only if they already have tenure or if they are applying for tenure at the same time as promotion.

6.3 Progression to Promotion in Rank

6.3.1 Application for promotion in rank is initiated by the individual Faculty Member in accordance with Article 6.4.

6.3.2 Applications for initial rank shall be considered on the basis of the Faculty Member's career achievements.

6.3.3 Promotion shall be based on accomplishments beyond those required for the granting of tenure. All promotions shall demonstrate incremental and cumulative progress. Promotion shall be based on accomplishments beyond the Faculty Member's present rank in line with Article 6.11.7, and the applicable discipline-specific tenure and promotion standards for the relevant rank.

6.3.4 Initial Appointment with Rank

- (b) may be granted a higher rank upon appointment when she/he has not previously been awarded that rank at another degree-granting institution with membership in Universities Canada or an equivalent body. In such cases, the prospective Faculty Member must submit sufficient evidence in line with Article 6.4.1 with letters of reference in lieu of external reviewer reports, which would allow the DFSTPC and the STPC to adequately assess the prospective candidate's qualifications, and make a recommendation to the President prior to his/her recommendation to the Board.
- (c) In exceptional cases, may be granted an initial appointment with rank, but without tenure.

6.4 Application for Tenure and/or Promotion

Where appropriate, external reviewers should also have international stature.

The applicant shall inform the DFSTPC chair in writing of the nature of the relationship he/she has or had with those individuals nominated to be external reviewers. If the Faculty Member believes that a potential external reviewer may not be suitable based on reasonable apprehension of bias or conflict of interest, the Faculty Member shall notify the DFSTPC chair.

ARTICLE 8 – PROGRESSIVE DISCIPLINE, SUSPENSION AND DISMISSAL

8.1 Right to Have Steward Present

An employee shall have the right to have his/her steward present at any discussion with supervisory personnel that the employee believes might be the basis of disciplinary action. Where a supervisor intends to interview an employee for disciplinary purposes, the supervisor shall notify the employee and the Union of the purpose of the interview in order that the employee may contact his/her steward, providing that this does not result in an undue delay of the appropriate action being taken. This clause shall not apply to those discussions that are of an operational nature and do not involve disciplinary action.

8.2 Progressive Discipline

8.2.1 Progressive discipline shall be initiated for just and reasonable cause. Such discipline normally begins with a letter of warning/reprimand, then progresses to suspension and finally to dismissal. Such disciplinary action shall be fair, reasonable and commensurate with the seriousness of the violation.

8.3 Suspension

8.3.1 An employee may be suspended for just and reasonable cause. If such a suspension is grieved, the grievance would commence at Step 2 of Article 4.6.

ARTICLE 9 – PROTECTION OF EMPLOYEES

9.1 No Discrimination

9.1.1 Thompson Rivers University and the Faculty Association agree that just and reasonable conduct among and between its Faculty Members is a mutually desired goal. If an employee or administrator has been subjected to discriminatory or malicious actions, this matter can be dealt with through the process of progressive discipline by Thompson Rivers University, or the grievance procedure by the Faculty Association.

9.1.2 The University and the Association recognize the right of employees to work in, and students to study in, an environment free from discrimination or coercion.

9.1.3 The University, except in instances where there is a bona fide occupational requirement, shall not refuse to employ, continue to employ, advance, or dismiss a person, nor shall it discriminate against, or coerce that person in respect of employment or condition of employment on the basis of: race, colour, ancestry or place of origin, political belief, religion, age, mental or physical disability, sex, sexual orientation, gender identity or expression, marital status, family status, membership or activity in the Association, or conviction for a criminal or summary charge that is unrelated to employment.

9.1.4 The foregoing shall not be interpreted as prohibiting the Parties from entering into an employment equity program.

9.1.5 For the purposes of this Article, age means age as defined under the B.C. Human Rights Act.

9.1.6 To protect and guarantee the integrity of the students' personal liberties and beliefs, no employee shall impose upon any students a particular creed, tenet, belief, dogma or any other matter related to political, religious, social, cultural, ethnic or any other circumstance.

9.2 Harassment

9.2.1 Statement of Commitment

The University promotes teaching, scholarship and research and the free and critical discussion of ideas.

The Parties are committed to providing a working and learning environment that allows for full and free participation of all Faculty Members of the institutional community. Harassment undermines

these objectives and violates the fundamental rights, personal dignity and integrity of individuals or groups of individuals.

Harassment is a serious offence that may be cause for disciplinary sanctions including, where appropriate, dismissal or expulsion.

The University has a responsibility under BC's Human Rights Code to prevent harassment and to provide procedures to handle complaints, to resolve problems and to remedy situations where harassment occurs.

The University will offer educational and training programs designed to prevent harassment and to support the administration of the institutional policies and to ensure that all Faculty Members of the institutional community are aware of their responsibility with respect to the policy.

9.2.2 Definitions

9.2.2.1 Harassment is a form of discrimination that adversely affects the recipient on one or more of the prohibited grounds under the BC Human Rights Code [R.S.B.C. 1996 c.210].

Harassment as defined above is behaviour or the effect of behaviour, whether direct or indirect, which meets one of the following conditions:

- (a) Is abusive or demeaning;
- (b) Would be viewed by a reasonable person experiencing the behaviour or effect of the behaviour, as an interference with her/his participation in an institutional related activity;
- (c) Creates a poisoned environment.

As of this date, the grounds protected against discrimination by BC's Human Rights Code [R.S.B.C. 1996 c.210] are age, race, colour, ancestry, place of origin, political belief, religion, marital status, physical or mental disability, sex, sexual orientation and, in the case of employment, unrelated criminal convictions.

9.2.2.2 Sexual Harassment is behaviour of a sexual nature by a person who knows or ought reasonably to know that the behaviour is unwanted or unwelcome; and

- (a) Which interferes with another person's participation in an institution-related activity; or
- (b) Leads to or implies employment, or academically-related consequences for the person harassed; or
- (c) Which creates a poisoned environment

9.2.2.3 Personal harassment may occur as a single incident or over a period of time. A combined series of incidents - of which any one in isolation

would not necessarily be considered harassment - may also constitute harassment.

- 9.2.2.3.1 Examples of personal harassment that are not acceptable include:
- discriminatory behaviour in violation of human rights legislation
 - physical threats, abuse, assault, intimidation
 - verbal abuse
 - displays of pornographic, and/or racist pictures, photographs, literature not related to an appropriate academic context of creating awareness of such materials

9.2.3 Procedures

9.2.3.1 Mediation

When a complaint is received by the University involving an individual covered by this collective agreement, the local Parties will initiate a mediation procedure at the bargaining unit level. The mediation process is the recommended avenue of resolution.

Consensual mediation will require the agreement of the complainant and the alleged harasser to use the following process:

- (a) The local Parties will discuss the nature of the complaint and agree upon who will conduct the mediation;
- (b) The mediation process will be referred to the LRB when students are not involved or a local mediator agreed to by the parties;
- (c) The mediation process and resolution will be kept strictly confidential by all participants;
- (d) Where a resolution is reached, the complainant and the alleged harasser must agree in writing to the resolution and the matter will then be considered concluded;
- (e) No record of the mediation except the written agreed resolution will be placed on an employee's file. The written resolution will be removed from the employee's file after 12 months unless there has been a subsequent complaint of harassment against the employee within the 12-month period.

9.2.3.2 Investigation

Where either the complainant or alleged harasser does not agree to mediation, or no resolution is reached during the mediation, the complaint will be referred to a local investigator agreed upon by the Parties. When no acceptable local investigator can be found, an investigator from the following list shall be selected:

Jean Greatbatch
John Steeves

An investigator will be appointed within ten (10) working days of referral.

The referral should, where possible, include a written statement from the complainant and the alleged harasser which succinctly outlines the issue(s) in dispute. The referral should be assembled by the University and forwarded to the Investigator with a copy sent to the Faculty Association.

The appointment of an investigator does not preclude an investigator from mediating the dispute where possible.

Any complaint of harassment will be kept confidential except as is necessary to investigate and resolve the issue. Investigators will stress the confidentiality of the investigation with the person(s) interviewed.

9.2.3.3 Terms of Reference of the Investigator

- (a) The purpose of the investigator will be to ascertain facts.
- (b) All persons quoted in the investigation will be named by initials.
- (c) The report of the Investigator will be given, in confidence, to the Parties. It is the responsibility of the University to forward a copy of the report to the complainant and the alleged harasser. The University will state, in a covering letter, that the report is confidential. The report should refer to individuals involved by initials or code. However, a key will be provided to the Parties for internal use. This practice should be repeated at any subsequent arbitral proceeding.
- (d) The report will not be introduced as evidence or have standing in any arbitration, or other legal procedure. This does not preclude the Parties from reaching an Agreed Statement of Fact based upon facts in the report in preparation for an arbitral proceeding.
- (e) Reliance on Report of Third Party Investigator:
Despite Article 9.2.3.3(d), the University is entitled to rely on the fact of mediation or the report of a Third Party Investigator as evidence that may mitigate liability in a proceeding that follows receipt of the Third Party Investigator's report.
The University is entitled to rely on the investigator's report as evidence that it acted in good faith in any disciplinary action that it undertook following receipt of the third Party investigator's report where the issue of good faith is raised by a grievor or the union.
- (f) The investigator will not be compellable as a witness in any arbitration or other legal procedure which may result from the investigation.

- (g) The investigator will conclude her/his work within ten (10) days of appointment and will render a report within a further five days. These timelines may be extended if deemed appropriate by the local Parties. If requested by the investigator, the University will provide meeting space and contact information about persons to be interviewed.
- (h) The investigator may, as part of her/his report, make recommendations for resolution of the complaint.
- (i) The investigator's report will not be placed on an employee's file.

9.2.4 Findings

9.2.4.1 The University will make a written determination based upon the facts and recommendation, if any, within ten (10) working days of the receipt of the Investigator's report. If necessary, this timeline may be extended by mutual agreement between the local Parties.

9.2.4.2 The determination will:

- (a) State the action(s), if any, to be taken or required by the University.
- (b) Include, where appropriate, a statement of exoneration.

9.2.5 Rights of the Parties

Should a complainant file a complaint under the provisions of the Human Rights Code, it is understood that the Human Rights Code complaint will be set aside until such time as the procedures under this article have been completed.

Where an allegation includes both complaints under the Human Rights Code and a personal harassment complaint, the Parties may agree to have the Investigator investigate all of the complaints, in order to relieve against expense and duality of process.

9.2.5.1 The above noted procedure does not restrict:

- (a) The University's right to take disciplinary action;
- (b) The Faculty Association's right to grieve such disciplinary action or to grieve an alleged violation of this article.

9.2.5.2 The report of the investigator may be used in the development of an Agreed Statement of Fact for an arbitral proceeding.

9.2.6 False Complaints, Breaches of Confidentiality and Retaliatory Action

Frivolous, vexatious or malicious complaints of harassment or breaches of the confidentiality provisions of this clause or retaliation in respect of a complaint may result in discipline.

9.2.7 Should retaliation be alleged following the filing of a complaint, an Investigator may deal with that allegation and make a finding. The Parties will meet as necessary to facilitate the administration and other aspects of the application of this article including issues arising under Article 9.2.8 below.

9.2.8 Relation to Other Agreements

Where a complaint under Article 9.2 involves individuals who are covered by another collective agreement the Parties will meet to clarify and agree upon a procedure.

9.3 Technological Change

9.3.1 Should the University intend to introduce a technological change which might result in displacement or reduction of employees, the University will give the Union and the affected employees at least three (3) months' notice in writing.

9.3.1.1 Employees in positions affected by technological change shall be provided with opportunities for retraining to qualify for positions within the University.

9.3.1.1.1 The extent and nature of the retraining will be determined by a committee composed of the Provost & Vice-President Academic, the relevant Dean or Director, Department Chair, the Chief Steward and the employee.

9.3.2 If an employee displaced by technological change is qualified and suitable for another available position within the University, he/she shall be given the opportunity to fill the position.

9.3.3 No regular employee will be laid off as a direct result of the introduction of distributed learning or education technology.

9.4 Copyright and Intellectual Property

9.4.1 Employees shall be entitled to copyright protection as provided by statute.

9.4.2 Copyright Ownership

The copyright or patent for any work product, including creative work, instructional strategies or curriculum/instructional material, software or any other material or technology that may be copyrighted or patented:

- (a) Belongs to the employee(s) where the work product has been prepared or created as part of assigned duties, other than the duties listed in Article 9.4.2(b) below, and the copyright to all copyrightable material shall be the sole property of the employee(s) and shall be retained throughout his or her lifetime and upon his/her death by his/her heirs or assigns; and

9.4.3 Employer Rights to Materials Copyrighted by Employee(s)

Where the employee holds the copyright pursuant to Article 9.4.2(a), the University shall have a right to use his/her copyrighted material in perpetuity for institutional purposes. The University may amend and update the copyrighted material with the approval of the employee(s) holding the copyright to the material. Such approval will not be unreasonably withheld.

9.4.4 Employee Rights to Materials Copyrighted by the Employer

Where the University holds the copyright pursuant to Article 9.4.2(b), the employee(s) shall have the right to use in perpetuity, free of charge, such copyrighted material. The employee may amend and update the copyrighted material with the approval of the University. Such approval will not be unreasonably withheld.

9.4.5 Where either the University or employee recognizes commercial potential for work which is University copyrighted, this interest must be declared and a joint business plan developed in consultation with the employee, the relevant Department Chair and Dean. Both the University and the employee agree to share profits equally after

respective costs have been reimbursed.

9.5 Indemnification

9.5.1 TRU agrees that every employee of TRU shall be deemed to have assumed employment with the express understanding that every employee of TRU or the heirs, executors and administrators and estate and effects of every employee, shall from time to time and at all time, be indemnified and saved harmless out of the funds of TRU from and against:

- (a) All costs, charges and expenses whatsoever sustained or incurred by every employee of TRU in or about any action, suit or proceeding which is brought, commenced or prosecuted against such employee for or in respect of any act, deed, matter or thing whatsoever, made, done or permitted by that employee of TRU, in or about the execution of duties performed by that individual as an employee of TRU.
- (b) All other costs, charges and expenses sustained or incurred in or about or in relation to the affairs thereof: except such costs, charges or expenses, as are occasioned by an employee of TRU by his or her own willful neglect or default.

9.6 Academic Freedom

The common good of society depends upon the search for knowledge and its free exposition. Academic freedom in universities and colleges is essential to both these purposes in the teaching function of the institution as well as in its scholarship and research. Faculty Members of the Faculty Association shall not be hindered or impeded in any way by the institution or the Faculty Association from exercising their legal rights as citizens, nor shall they suffer any penalties because of the exercise of such legal rights. The Parties agree that they will not infringe or abridge the academic freedom of any Faculty Members of the academic community. Academic members of the community are entitled, regardless of prescribed doctrine, to freedom in carrying out research and in publishing the results thereof, freedom of teaching and of discussion, freedom to criticize the institution and the faculty association, and freedom from institutional censorship. Academic freedom does not require neutrality on the part of the individual. Rather, academic freedom makes commitment possible. Academic freedom carries with it the duty to use that freedom in a manner consistent with the scholarly obligation to base research and teaching on an honest search for knowledge. In exercising the freedom to comment and to criticize, academic staff members have a corresponding obligation to use academic freedom in a responsible manner by recognizing the rights of other Faculty Members of the

academic community, and by affirming the rights of others to hold differing points of view.

9.7 Personnel Records

9.7.1 All employees shall have access to their personnel file.

9.7.2 No information relating to an employee's performance shall be placed in his/her file unless a copy has been furnished to the employee.

PARTIAL SICK LEAVE AND PARTIAL DISABILITY BENEFITS

The Parties agree that it is in the interests of both the Faculty Member and the University to enable a Faculty Member to remain at work when the Faculty Member is only partially disabled.

“Partially disabled” for the purpose of this Letter of Understanding means that the Faculty Member is unable to do a portion of his/her normal workload where such portion is agreed by the University to conform to the configuration of Faculty Member workload in the Faculty Member’s instructional or non-instructional areas and where the partial sick leave is in any event no greater than eighty percent (80%) of a full-time workload in that area.

The application of this definition is subject to the University’s legal duty of accommodation. Determination of whether the Faculty Member is partially disabled as defined above shall be by the short-term disability benefits carrier.

A Faculty Member who is determined to be partially disabled will be entitled to sick leave under Article 13.5.1 on a pro-rated basis until the Faculty Member has satisfied the qualifying period for short-term disability benefits of the equivalent of thirty (30) complete calendar days. In any event, to qualify for short-term disability benefits the Faculty Member must complete the qualifying period within six (6) months of the date the Faculty Member commenced part-time sick leave.

Should the Faculty Member return to his/her full normal duties of his/her own occupation during this qualifying period for short-term disability benefits and then become disabled from the same or related disability within fourteen (14) consecutive calendar days after returning to full active employment, he/she will be considered to be within the same qualifying period.

The Faculty Member is required to meet all application, reporting, and other requirements provided for in this short-term and long-term disability benefits plans as applicable.

The carrier’s approval of a partial disability claim for sick leave continuation on a pro-rata basis does not in itself mean that the Faculty Member’s subsequent claims for short-term disability benefits will be automatically approved, nor does approval for short-term disability benefits mean that the Faculty Member’s subsequent claim for long-term disability benefits will be automatically approved.

Unless mutually agreed to by the Parties, this additional work must be located on the same campus/center where the employee is currently working.

9.3.3.5.2 If the employee is assigned additional work beyond the yearly workload as specified in Article 9.3.3.1.1, the employee's salary and benefits are pro-rated based on the total workload performed for the period of additional work; OR, upon mutual agreement between the employee, the Department Chair and the appropriate Dean, the employee may bank this additional workload for the next academic year.

9.3.3.5.3 Continuing part-time employees who meet the stated qualifications for additional work not included in the Article 9.3.3.5.1 entitlement shall be interviewed by the appropriate departmental selection committee. The selection committee has the right to select the best qualified candidate.

Such re-regularization at a higher workload shall be based on additional workload performed in the Fall and Winter semesters and shall not include any summer session workload beyond the initial appointment level as specified in Article 9.3.3.1.3.

9.3.3.7 Effective Date

9.3.3.7.1 Provided that an employee meets all other requirements and qualifications for a continuing appointment, after the initial implementation period, the effective date of a regularized continuing part-time appointment is two years from the date to which the employee has accumulated the required workload in Article 9.3.1.

9.3.3.7.2 If work becomes available at a later date in the subsequent year, the continuing appointment will be retroactive by one (1) month. (For instance, the appointment will be August 1st for work available on September 1st and December 1st for work available January 1st.) Health and welfare benefits cannot be retroactively applied.

9.3.4 Expected Contributions of Continuing Employees

All continuing employees are expected to contribute to TRU and to their respective departments in the same manner. Continuing part-time employees shall contribute to the department in proportion to their workload appointment.

9.3.5 Conditional Appointment – Regularized Employees

Sessional Workload Credit for Practicum

The parties agree to the following formula for calculating Sessional workload credit in the School of Social Work and Human Service for the identified courses:

History of Assigning Workload Credit for Practicum Courses

All programs within the School have practicum courses where students are placed in community social services agencies, provided field instruction and supervision by a community agency employee, and liaison and evaluation by a TRU Faculty Member. To this point, Sessional Faculty Members with contracts to provide field liaison have been compensated at an equivalent workload calculation for liaison as full-time continuing Faculty Members who have this as part of their workload. We propose the following factors be used in determining compensation for Sessional faculty who carry field liaison responsibilities.

Course	Credits	Vectoring	# Students	Workload Credit
CSSP 1650	4	0,2,14	13	5.9
SOCS 1650	4	0,2,14	13	5.9
HUMS 1820	4	0,2,14	13	5.9
SOCW 3040	6	0,1,21	10	6
SOCW 4020	9	0,2,35	10	6

Workload Factor Weighting for CSSP 1650, SOCS 1650 and HUMS 1820

Workload credit per student = .3

Workload credit per seminar = 2 (2 hours per week)

Example: CSSP 1650 with 13 students = $.3 \times 13 = 3.9$ credits + 2 (seminar) = 5.9 credits

Workload Factor Weighting for SOCW 3040 and SOCW 4020

Workload credit per student = .5

Workload credit per seminar = 1 (1 hour per week)

TRUFA Collective Agreement: April 1, 2014 – March 31, 2019

Example: SOCW 3040 with 10 students = $.5 \times 10 = 5$ credits + 1 (seminar)
= 6 credits

Travel is not a workload factor as Sessional faculty are only given in-town students as a rule. SOCW 3040 and 4020 are awarded the same workload credit even though practicum hours differ because the work of faculty is essentially the same.

As numbers of students do not always fit the maximums indicated above, Sessional faculty will be paid according to a pro-rated calculation.

Example: SOCW 3040 with 8 students = $.5 \times 8 = 4$ credits + 1 (seminar) = 5 credits.

HUMS 1820 with 6 students = $.3 \times 6 = 1.8$ credits + 2 (seminar) = 4.8 credits

Field Education Coordinators in the School of Social Work and Human Service have been consulted on this formula and completely support workload credit assignment.

Notes:

Sessional Workload Credit will be paid on the actual pro-rated calculations, no rounding up or rounding down will occur with the calculated credit value.

Pursuant to LOU #26 of the 2004 – 2010 TRU/TRUFA Collective Agreement, all changes to the formula must be referred to the Sessional Anomalies Committee (as per Sessional Pay Rate LOU) for approval.

LETTER OF UNDERSTANDING #16

WORKLOAD CALCULATION FOR SESSIONAL CONTRACTS

The parties agree to the following principle:

- That workload credit given to courses in determining Full-time Faculty workloads will be applied to all Sessional Faculty for the same work.
- If the workload credit given to courses in determining Full-time Faculty workloads changes in the future, the same change shall be applied to all Sessional Faculty for the same work.

LETTER OF UNDERSTANDING # 17

PRACTICA FORMULA FOR SESSIONAL CONTRACTS BACHELOR OF EDUCATION PROGRAM

The parties agree to the following formula for calculating workload credit for the identified Bachelor of Education Practice courses:

The following Credit Factors have been developed in order to be able to assign a credit value in the determination of Sessional Faculty Contracts in the practica courses within the TRU B.Ed. (Elementary) Program. A short explanation of the Credit Factors is provided below the table.

Course	1 TC	Seminar	Meetings	Travel A	Travel B
EDPR 3100	.25	.2	.2	0	0
EDPR 3200	.25	0	.2	0	0
EDPR 4100	.25	0	.6	.2	.06
EDPR 4200	1.15	0	.45	.55	.2
Supplemental	1.25	0	.15	0	0

Definition of Credit Factors:

1. 1 TC – because Sessional Faculty engaged in practica supervision supervise different numbers of TCs (Teacher Candidates), we are using 1 as the credit factor which will be multiplied by the number of TCs supervised by the Faculty Member.
2. Seminar – this factor relates to the TC seminars conducted by the Faculty Mentor.
3. Meetings – this factor is to compensate for the meetings that the Faculty Mentor is required to attend with TCs, with Teacher Mentors, and with the Practica Coordinator.
4. Travel A – this factor is travel time associated with the supervision of TCs.
5. Travel B – this factor is travel time associated with EDPR pre-practicum and post-practicum meetings held by the Practica Coordinator.

Formula:

Sessional Salary = [(Credit Factor for 1 TC x number of TCs) + Seminar (if applicable) + Meetings + Travel A (if applicable) + Travel B (if applicable)] x \$/credit

The dollar amounts are determined by multiplying the Credit factor by the current Sessional/credit rate (as per the Sessional Pay Rate LOU) for teaching faculty.

Example:

For a Sessional Faculty for EDPR 3100 with 8 students the calculation would be as follows:

$$(.25 \times 8 \times 1,726.43) + (.2 \times 1,726.43) + (.2 \times 1,726.43) + 0 + 0 = 3,452.86 + 345.29 + 345.29 = \$4,143.44$$

Pursuant to LOU #26 of the 2004 – 2010 TRU/TRUFA Collective Agreement, all changes to the formula must be referred to the Sessional Anomalies Committee (as per Sessional Pay Rate LOU) for approval.

DEVELOPMENT OF COURSE EVALUATION INSTRUMENTS

Preamble

TRU and TRUFA acknowledge that evaluation instruments must be based on departmental requirements and recognize the role of Senate with respect to university-wide consistency of academic standards as well as evaluation tools and delivery procedures. TRU and TRUFA agree that student questionnaires as identified in Article 7.3.7.2 (b) are essential documents required for reporting professional activities, for performance reviews (Article 7) as well as for Tenure and promotion applications (Article 6).

The following proposal outlines the process for developing new course evaluation instruments and the procedures for administering them according to the Collective Agreement.

Process for the Development of Evaluation Instruments

In order to ensure consistency across TRU and to enable departments to develop evaluation instruments that reflect their disciplinary requirements, the following process is proposed:

1. All Evaluation Instruments will contain two sections: a) course evaluation and b) teacher evaluation.
 - (a) TRU and TRUFA will ask the Standing Senate Committee on Instructional Development and Support to develop and recommend four general questions regarding course evaluation that will become Section 1 of all evaluation instruments at TRU.

LETTER OF UNDERSTANDING #31

DEPARTMENT CHAIRS

In the 2010 round of bargaining, the parties agreed to establish a joint committee to review Department Chair roles and responsibilities and create a document outlining roles and responsibilities of the Department Chair. The committee met between rounds to review the existing written documents outlining Department Chair roles and responsibilities and gather feedback from existing Department chairs. The committee produced a document to:

- (a) Identify what should be the roles and responsibilities of a Department Chair;
- (b) Identify factors to be used to determine adequate and equitable release to carry out the work of Department Chair.

The parties agree to establish a joint committee comprised of three (3) Employer representatives and three (3) Faculty Association representatives in order to create a Department Chair roles and Responsibilities job description. This description will outline current and expected Department Chair roles and responsibilities, but will not determine the terms, conditions or compensation for the Department Chair position. The committee will be guided by the Department Chair Roles and Responsibilities document and will produce the Department Chair job description 90 days after date of signing.

In addition, the committee will determine the algorithm to be used to calculate Department Chair release and stipend (beyond the basic amount), considering the principle of equity throughout the university and the following factors:

- (a) Number of FTE's supervised by the Department Chair
- (b) Number of full-time equivalent students in the Department Chair's department
- (c) Nature of faculty supervised by the Department Chair (e.g. percentage of Sessionals and full-time faculty)
- (d) Number of campuses/sites within the Department Chair's jurisdiction
The Committee will produce the algorithm by March 31, 2014.

9. The parties agree to write an LOU that will create a joint committee to recommend a standard teaching assignment for Faculty Members with a tripartite appointment in Academic Access Programs.
10. This provides full and binding settlement of all outstanding issues relating to ESL and UPrep teaching workloads.
11. Wayne Moore will remain seized to deal with any issues arising over the interpretation or implementation of this agreement.

LETTER OF UNDERSTANDING #33

WORKLOAD BEST PRACTICES

The parties agree to establish a joint ad hoc committee on best practices for workload according to the following guidelines.

- The committee will include three (3) Chairs and three (3) Deans (or their designates) and one (1) TRUFA representative to conduct a University-wide scan documenting and exploring best practices in how workload assignments are developed and implemented in a manner that best accommodates teaching, scholarship and service within departments and adheres to the Collective Agreement language.
- The purpose of the committee is to explore current practice of workload planning and allocation across all departments of the University, with the objective of identifying principles that can be applied and adapted effectively for departments across the University.
- The scan will:
 - Explore how various departments match teaching and disciplinary expertise to their workload needs;
 - Explore tools and planning resources used to develop and document work load; and
 - Examine and determine the effective accommodation of sabbaticals, leaves and agreed upon weighting factor.

LETTER OF UNDERSTANDING #34

ECONOMIC STABILITY DIVIDEND

Definitions

1. In this Letter of Agreement:
 - “Collective agreement year” means each twelve (12) month period commencing on the first day of the renewed collective agreement. For example, the collective agreement year for a collective agreement that commences on April 1, 2014 is April 1, 2014 to March 31, 2015 and each period from April 1 to March 31 for the term of the collective agreement.
 - “**Economic Forecast Council**” means the Economic Forecast Council appointed under s. 4 of the *Budget Transparency and Accountability Act*, [S.B.C. 2000] c. 23;
 - “**Forecast GDP**” means the average forecast for British Columbia’s real GDP growth made by the Economic Forecast Council and as reported in the annual February budget of the government;
 - “**Fiscal year**” means the fiscal year of the government as defined in the *Financial Administration Act* [1996 S.B.C.] c. 138 as ‘the period from April 1 in one year to March 31 in the next year’;
 - “**Calendar year**” Is a twelve (12) month period starting January 1st and ending December 31st of the same year based upon the Gregorian calendar.
 - “**GDP**” or “**Gross Domestic Product**” for the purposes of this LOA means the expenditure side value of all goods and services produced in British Columbia for a given year as stated in the BC Economic Accounts;
 - “**GWI**” or “**General Wage Increase**” means a general wage increase resulting from the formula set out in this LOA and applied as a percentage increase to all wage rates in the collective agreement on the first pay day after the commencement of the eleventh (11th) month in a collective agreement year;
 - “**Real GDP**” means the GDP for the previous fiscal year expressed in constant dollars and adjusted for inflation produced by Statistics Canada’s Provincial and Territorial Gross Domestic Product by Income and by Expenditure Accounts (also known as the provincial and territorial economic accounts) and published as “Real Gross Domestic Product at Market Prices” currently in November of each year.

The Economic Stability Dividend

2. The Economic Stability Dividend shares the benefits of economic growth between employees in the public sector and the Province contingent on growth in BC's real GDP.
3. Employees will receive a general wage increase (GWI) equal to one-half (1/2) of any percentage gain in real GDP above the forecast of the Economic Forecast Council for the relevant calendar year.
4. For greater clarity and as an example only, if real GDP were one percent (1%) above forecast real GDP then employees would be entitled to a GWI of one-half of one percent (0.5%).

Annual Calculation and publication of the Economic Stability Dividend

5. The Economic Stability Dividend will be calculated on an annual basis by the Minister of Finance for each collective agreement year commencing in 2015/16 to 2018/2019 and published through the PSEC Secretariat.
6. The timing in each calendar year will be as follows:
 - (i) February Budget – Forecast GDP for the upcoming calendar year;
 - (ii) November of the following calendar year – Real GDP published for the previous calendar year;
 - (iii) November - Calculation by the Minister of Finance of fifty percent (50%) of the difference between the Forecast GDP and the Real GDP for the previous calendar year;
 - (iv) Advice from the PSEC Secretariat to employers' associations, employers and unions of the percentage allowable General Wage Increase, if any, for each bargaining unit or group with authorization to employers to implement the Economic Stability Dividend.
7. For greater clarity and as an example only:
For collective agreement year 3 (2016/17):
 - (i) February 2015 – Forecast GDP for calendar 2015;
 - (ii) November 2016 – Real GDP published for calendar 2015;
 - (iii) November 2016 - Calculation of the fifty percent (50%) of the difference between the 2015 Forecast GDP and the 2015 Real GDP by the Minister of Finance through the PSEC Secretariat;
 - (iv) Direction from the PSEC Secretariat to employers' associations, employers and unions of the percentage allowable General Wage Increase, if any, for each bargaining unit or group with authorization to employers to implement the Economic Stability Dividend

- (v) Payment will be made concurrent with the General Wage Increases on the first pay period after respectively February, 1, 2016, February 1, 2017, February 1, 2018 and February 1, 2019.

Availability of the Economic Stability Dividend

- 8. The Economic Stability Dividend will be provided for each of the following collective agreement years: 2015/16 (based on 2014 GDP); 2016/17 (based on 2015 GDP); 2017/18 (based on 2016 GDP); and, 2018/19 (based on 2017 GDP).

Allowable Method of Payment of the Economic Stability Dividend

APPENDIX “D”

SENIORITY, LAYOFF, RECALL AND SEVERANCE

Applies to continuing full time employees hired prior to April 1, 2006 and not yet Tenured.

D.1 Layoff

D.1.1 Non-Renewal of Appointment for Budgetary Reasons

D.1.1.1 When faced with budgetary reductions, decreased or insufficient enrolment, or the need to eliminate or reduce courses, programs, or services, cuts in positions will be made by the Board only when, in the opinion of the Board, all other reasonable alternatives have been exhausted.

D.1.1.2 When, in the opinion of the Board, to resolve a problem described in E.1.1.1, there will likely have to be cuts in positions, the Board will promptly inform the Union of the Board's opinion, specify the positions which will likely be cut, and supply the Union with sufficient information to permit the Union to give adequate consideration to the matter.

D.1.1.3 After the Union has had a reasonable time in which to consider the matter, the Board shall give the Union an opportunity to make representations to the Board at a meeting of the Board.

D.1.1.4 When terminated for budgetary reasons, notice should be given to the employee in writing within two (2) months following receipt of the approved budget from the appropriate Ministry.

D.1.1.5 Reductions in teaching positions for budgetary reasons cannot be considered to cancel or supersede the procedural protections that exist for the maintenance of contractual regularities.

D.1.1.6 Upon request of the employee, the President shall provide written reasons as to why his/her particular position has been declared redundant; as well, the President will inform the Union in writing of the alternatives, such as transfer between departments, normal or voluntary early retirements, leaves, etc., which have been explored.

D.1.1.7 Layoff – Regularized Continuing Part-time Employees

When the annualized workload in the current year falls below 50% and the projected workload for the next year is insufficient to provide a 50% two-year average workload, layoff notice shall be given.

D.1.2 Reduction Sequence

D.1.2.1 If the Board decides to reduce the number of employees then,
D.1.2.1.1 Those on Sessional appointments shall be terminated with one (1) months' notice; then,

D.1.2.1.2 Those on term-certain appointments shall be terminated with one (1) months' notice for each year of service; then,

D.1.2.1.3 Employer Commitments

It is agreed that the institution will make every reasonable attempt to minimize the impact of funding shortfalls and reductions on the work force.

Subject to budgetary constraints and the amount of funding available for labour adjustment costs; fairness, flexibility and employee choice will prevail in the implementation of labour force adjustment strategies as approved by the institution.

It is incumbent upon institutions to communicate effectively with their employees and the unions representing those employees as soon as the impact of any funding reduction or shortfall or profile change has been assessed.

If a work force reduction is necessary, the Joint Labour Management Committee will canvas employees in a targeted area or other areas over a fourteen (14) day period, or such longer time as the Joint Labour Management Committee agrees, to find volunteer solutions that provide as many viable options as possible and minimize potential layoffs.

D.1.2.1.3.1 Menu of Labour Adjustment Strategies

To minimize layoffs, the following menu of labour force adjustment strategies will be considered and whenever reasonably possible, offered by institutions at the appropriate time in the employee reduction process set out in each institution's collective agreement(s):

- (a) Job sharing.
- (b) Reduced hours of work through partial leaves.
- (c) Transfers to other areas within the bargaining unit subject to available work and meeting qualifications, with minimal training required.
- (d) Paid and unpaid leaves of absence for use to seek alternate employment, retirement adjustment, retraining, etc.
- (e) Voluntary severance with up to twelve (12) months' severance payment.
- (f) Workload averaging.
- (g) Purchasing past pensionable service. If permissible the Employer will match a minimum of three years' contributions to

- the College Pension Plan where an employee opts for early retirement.
 - (h) Combined pension earnings and reduced workload to equal 100% of regular salary.
 - (i) Early retirement incentives pursuant to collective agreements.
 - (j) Agreed secondment.
 - (k) Retraining.
 - (l) Trial retirement.
 - (m) Continuation of health and welfare benefits.
 - (n) Combinations and variations of the above or other alternatives.
- D.1.2.1.4 Continuing employees from specific areas shall be transferred to other instructional or instructional support areas compatible with each individual's abilities, if feasible; then,
- D.1.2.1.5 Those on probationary appointments shall be terminated with two (2) months' notice; then,
- D.1.2.1.6 Those on continuing appointments shall be terminated with four (4) months' notice.
- D.1.2.1.7 Those on a regularized continuing part-time appointment shall be terminated with one (1) months' notice.
- D.1.2.1.8 Whenever E.1.2.1.1, E.1.2.1.2, E.1.2.1.4, E.1.2.1.5, E.1.2.1.6 and E.1.2.1.7 fail to discriminate between two employees in the same teaching discipline the employee most recently becoming a Faculty Member of the Bargaining Unit will be terminated first.
- D.1.2.1.9 Faculty regularized on April 1, 2000 shall not have greater seniority than existing fulltime faculty. Therefore, at implementation, for layoff purposes a regularized employee shall have his/her service date in the bargaining unit determined as April 1, 2000. In the event of a layoff where the service date of a regularized employee fails to discriminate between two employees with the same date of April 1, 2000, prior service in the bargaining unit shall be applied to determine the reduction sequence. For employees hired after April 1, 2000, the existing languages in E.1.2 applies.
- D.1.2.1.10 Nothing in this Collective Agreement prevents the employee and the President arriving at a mutually agreeable settlement that will waive all or part of the required notice period. The Shop Steward shall be notified of the settlement.
- D.1.3 Electing Severance or Recall**
- D.1.3.1 An employee whose probationary or continuing appointment is to be

terminated under E.1.2, will, before the date of termination, indicate in writing to the President, whether E.3 Severance or E.2 Recall is to apply. Only one may be selected. If no selection is made, E.2 Recall will apply and E.3 Severance will not apply.

D.1.3.2 A regularized continuing part-time employee who is issued a layoff notice under the terms of E.1.1.7 must specify in writing to elect Severance or Recall. Only one may be selected. If no selection is made, Recall will apply and Severance will not apply.

D.1.3.3 An employee whose probationary or continuing appointment is to be terminated but who is offered a temporary appointment may elect to delay the application of E.1.3.1 for the term of the temporary appointment. Such delay shall not prejudice, in any way, the employee's right to subsequently apply E.1.3.1. Time spent in a temporary appointment may not be counted when calculating severance in E.3.

D.2 Recall

D.2.1 Subject to the provisions of E.1.3.1, if it is found that the amount of work can be increased in a specific area, the President shall offer reappointment in the reverse order of layoff to those continuing employees who are qualified for this area, and who had been laid-off within the previous two (2) years. Since all offers of recall will be sent by double-registered mail, it is important that laid-off employees maintain a current address with the University. A continuing employee accepting recall to a part-time position shall be paid at the part-time rate of pay.

D.2.2 A continuing employee on layoff who is offered an appointment as provided under E.2.4 and who fails to communicate acceptance or rejection of recall notice within twenty-one (21) calendar days of receiving notice will be removed from the recall list and considered terminated.

D.2.3 A continuing employee on layoff who rejects recall to a continuing appointment will be removed from the recall list and considered terminated.

D.2.4 A continuing employee on recall who is offered a temporary appointment for more than seven (7) months but less than twelve (12) months that arises within his/her area of competency and who rejects such offer, will not be removed from the recall list. However, if that employee rejects a subsequent offer of a temporary appointment for more than seven (7) months but less than twelve (12) months, he/she will be removed from the recall list and considered terminated.

D.2.5 Recalled employees shall be placed on the appropriate salary scale as if they are new employees.

D.2.6 Recall – Regularized Continuing Part-Time Employees

D.2.6.1 In the event a laid-off employee chooses recall and is recalled to a workload of 50% or greater, the employee shall revert to his/her continuing part-time status.

D.2.6.2 If the employee on recall is working below the 50% workload threshold, he/she is a non-continuing part-time employee and the non-continuing part-time salary scale(s) are applicable. If the non-continuing part-time employee wishes to maintain benefit coverage, the employee is responsible for all health and welfare benefit costs.

D.2.6.3 If a continuing part-time employee chooses severance, his/her employment with TRU is terminated. In the event that TRU re-hires the employee at a later date, the employee must re-qualify for regularization.

D.3 Severance Pay

D.3.1 See 2(g) of Letter of Understanding #23 Transition Document

D.3.2 An employee who receives a severance payment pursuant to E.3.1 and who is subsequently reappointed is subject to the following:

D.3.2.1 The employee shall retain any severance payment made under the terms of E.3.1.

D.3.2.2 The employee shall retain any notice waiver payment made under the terms of E.1.3.3.

D.3.2.3 Any subsequent calculation of years of service for the purposes of E.3.1 shall commence with the date of such reappointment;

D.3.2.4 Any subsequent calculation of years of service for the purposes of determining a benefit shall commence with the date of such reappointment;

D.3.2.5 Any subsequent calculation of seniority shall commence with the date of such reappointment.

D.3.2.6 The benefits of E.3 do not apply to an employee terminated under Article 8.4.
